Dear Parent/Guardian:

Help your child succeed in school -- sign up for free tutoring! As a result of the federal *No Child Left Behind Act of 2001*, your child could possibly receive extra help in the areas of math, reading, and language arts. This free tutoring is available because of the possibility that your child's school may fall into Year 1 School Improvement. Although services will be provided, there is likelihood that the district will not be able to provide this service for all families. Therefore, students will be chosen to receive services based upon individual, student academic need.

There is a possibility that *Thomasville High School* will be identified for school improvement because *Adequate Yearly Progress (AYP)* on state measures of academic achievement was not met for two consecutive years. Final notification by Dr. Joe Morton, Superintendent of the Alabama State Department of Education, will be available on August 8, 2011. This letter serves as an early notification regarding the academic status of your child's educational facility. Upon the formal release of AYP results from Dr. Morton is made available, a letter informing you of this information will be forwarded to you fourteen days after the public announcement.

In the case that Thomasville High School does not make AYP, the district will offer Supplemental Education Services (SES), which consists of tutorial services. A list of approved tutoring programs that will be available at Thomasville High School is attached. These programs have been approved by the State Department of Education and will provide students with tutoring that correlates with what is being taught in your child's school. In addition, parents will have the opportunity to gain more insight about the providers at a Provider's Fair. Information regarding date and time for the fair will be forwarded to you as soon as this information is finalized.

If you have any questions or need additional information about these potential services, please feel free to contact Tracy White at (334) 636-9955 ext.1026.

Sincerely,

Dr. Vic Adkison
Superintendent

Supplemental Education Services
