If you object to your child or children being filmed, taped, or interviewed, you must notify the principal of your school in writing.

Be advised, while every effort will be made to honor your written request, it is necessary for parents or guardians to ensure their child or children understand that they are not to be filmed, taped, or interviewed and that they should make teachers and administrators aware of their objections when the need arises.

NOTICE

All Thomasville City Schools have been inspected by an EPA-approved asbestos inspector and maintain a management plan file in the school office as required under the AHERA regulations. The file is available to any parent to view.

Most of our asbestos containing materials are in the form of floor tiles and are non-friable. These materials are well maintained and do not pose a threat to the students. The law requires that we make this notice to all employees, students and staff annually.

We are glad to provide a healthy atmosphere for students and staff.

If anyone wishes to have a copy of the management plan, please call the Board office at (334) 636-9955 and a copy will be provided for a small fee.

Thomasville City Board of Education
Family Educational Rights and Privacy Act (FERPA)

Notice for Directory Information

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Thomasville City Board of Education, with certain exceptions, obtains your written consent prior to the disclosure of personally identifiable information from your child’s education records. However, Thomasville City Board of Education may disclose appropriately designated “directory information” without written consent, unless you have advised the district to the contrary in accordance with district procedures. The primary purpose of directory information is to allow the Thomasville City Board of Education to include this type of information from your child’s education records in certain school publications. Examples include:

- A playbill, showing your student’s role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent’s prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student’s information disclosed without their prior written consent. ¹

If you do not want Thomasville City Board of Education to disclose directory information from your child’s education records without your prior written consent, you must notify the District in writing by September 1, 2020. Thomasville City Board of Education has designated the following information as directory information:

NON-RESIDENTAL STUDENT ADMISSION
The Thomasville City School System, upon the Superintendent’s recommendation, may allow students residing outside the area served by the school system to attend Thomasville City Schools in certain situations as discussed herein.

Admission Criteria of Non-resident Students:

Requests for admission by parents, guardians, or custodians of students who do not reside in Thomasville City School’s district, but who wish to enroll their children in the school system as Non-Resident Students should be made in writing to the Superintendent.

The superintendent will consider the application if:

1. The non-resident enrollment is for educational reasons;
2. The parents, guardians, or custodians provide transportation to and from school; and
3. The parents, guardians or custodians pay the non-resident student tuition fee in a timely manner as established by the Thomasville City Schools Board of Education.

A student requesting a transfer shall complete the application for Transfer of Non-Resident Student Admissions – Form (See Attachment A) and submit it to the Thomasville City Schools Superintendent’s Office on or before July 1st, with respect to requests for admissions for the following school year. Applications submitted after July 1st may be considered in the Superintendent’s discretion. Transfers shall be reviewed on a yearly basis by the building principal and recommended to the Superintendent.

The transfer request application will be reviewed by the superintendent or his designee.

Following the review of the application, the superintendent or his designee will schedule an interview (in person or by phone) with the parent and student.

Once the interview has been conducted a recommendation will be developed by the superintendent or designee as to whether or not to accept the transfer student based upon
policy and the application of the policy after the interview. The Superintendent and board have the discretion to accept or deny the request for enrollment of Non-Resident Students.

The superintendent (or designee) may deny any transfer request without presenting the same to the board. Once the Superintendent and/or Board of Education makes the final determination, the student’s parent and/or legal guardian will be notified.

Non-Resident Student Tuition

Where tuition is applicable to the non-resident student:

As of July 1st, 2019, the tuition will be due thirty (30) days prior to the students first day of each semester and no later than ten (10) days prior to the students first day of each semester.

A late fee will be assessed after the late fee date. The fee will correspond with the LEA’s bank of record’s late fee for personal loans.

- ($100.00 due before each semester)
- Annually or bi-annually

Thomasville City Schools will not discriminate concerning non-resident student transfers on the basis of race, color, religion, sex, national origin, age, or handicapping conditions, including limited English proficiency, in its decision, nor will it enforce this policy in such a manner that would otherwise violate state or federal law or court order.

WITHDRAWAL OF STUDENT

If you are moving and are withdrawing your child from school, please call or come by the school a few days prior to the withdrawal date. This will ensure that there is sufficient time to complete the necessary paperwork.

SEVERE WEATHER (School Closing)

PARENT CONFERENCE

Parent conferences with teacher and staff members are encouraged and may be arranged through the school office. Conferences with classroom teachers should be scheduled during the individual teacher’s planning period.

MESSAGES

There are times when an emergency arises which necessitate a message to or from a parent. The school is happy to cooperate, but this becomes very time consuming and difficult for the
office staff at times. Please limit your messages to an emergency situation only. Delivery of messages cannot be guaranteed during the last 30 minutes of school. All transportation changes need to be in writing and delivered to the school office in the morning.

HALL PASS

No student should leave a teacher’s room without a hall pass during class time. Each pass must be filled out completely containing the following information:

- Student’s name

- Students have four (4) minutes between classes to get materials.
- If there is something they need to turn in, they can wait until the end of the period when the bell rings. (ON THEIR TIME).
- Our security plan indicates no student should be out the first 15 minutes of class and the last 15 minutes of class.
- Students who do not have what they need for class (books, paper, pencil, etc.) will have a referral for inadequate supplies and the teacher will contact the parent/guardian and document such communication.

Examples of, but not limited to this list, include pranks, loud music from vehicles, large flags displayed on vehicles, group or collective dress not previously approved.

A bus note is required if a student is to ride a bus that he/she does not usually ride. **No transportation changes will be made by phone. All changes must be received by 2:00 PM. No changes will be allowed after this time.**
TES TRAFFIC

A field trip will be approved by the Superintendent or his/her designee only when related to the instructional program of the school and for which a lesson plan has been developed. ALTERNATIVE EDUCATION (Alternative School; In-School Suspension)

Alternative Education refers to students assigned to Alternative School (6 days or more) and In-School Suspension (1-5 days). Its main purpose is to allow students with disciplinary infractions to continue their education in a more restrictive setting.

Program Goals

- To provide students with disciplinary issues with an alternative placement to out-of-school suspension or expulsion
- To continue the educational services of students with disciplinary issues
- To improve student outcomes and conduct through behavior management and intervention.

Program Guidelines and Procedures

1) Students assigned to Alternative Education must report directly to the alternative building upon arrival to school (7:43 a.m.) and remain in placement until dismissal (3:00 p.m.).

2) Attendance is mandatory. Students are required to present a valid written excuse for any absence while assigned to Alternative Education and must also make up days missed. Any time not completed in one school year will resume the following school term.

3) Students are responsible for bringing school materials and completing classwork from teachers.

4) Students are not allowed to attend school events while in alternative placement, but students may attend practice for extra-curricular activities.

5) Students not meeting expectations will be removed from placement, parents will be notified, and a parent conference with the Principal will be scheduled to determine next steps.

Out-of-School Suspension

- Students suspended out-of-school are not allowed on campus for any reason, may not travel with a team or group representing the school, and may not attend any school-sponsored event on or away from the campus.

- After an out-of-school suspension has been served, the student and parent must meet with the Principal at 8:00 a.m. the following day in order to be reinstated to school.

Conferences

Teachers are available to conference with parents during their planning periods or at another time agreed upon by the parent and teacher. Parents may email teachers or call the front office to schedule conferences with teachers.
DRESS CODE

The Board and Administration recognizes the importance of personal rights and privileges of each individual student in the school system. However, the Board equally recognizes that individual rights stop where the rights of the group (the school) begin and no student has the right to dress or appear in such a manner that becomes disruptive to the teaching-learning process.

The Thomasville City Schools Uniform Dress policy became effective in 2002-2003.

- Each school will be allowed to participate in “Spirit Days.” On spirit days’ students will be required to wear the current year’s spirit shirt or the required uniform shirt.
- Each school will maintain an area for uniform donations to accommodate individual needs for students.
- Reasonable accommodations will be made for religious or medical reasons if such accommodations will not unduly interfere with the effective functioning of the school day or the dress policy.
- Disciplinary action will be taken to enforce the Uniform Dress Code Policy and insure that teaching-learning process is not disrupted.

Meningococcal Disease and Vaccine

What is meningococcal disease?
- Meningococcal disease is any illness caused by the bacteria *Neisseria meningitides*.
- It is the leading cause of bacterial meningitis in children 2-18 years of age in the U.S.
- Meningococcal disease can be very serious, even life-threatening in 48 hours or less.
- The two most severe and common illnesses caused by meningococcal bacteria include:
  - Meningitis—an infection of the fluid and lining around the brain and spinal cord
  - Septicemia—Bloodstream infection

What are the symptoms?
- Symptoms of meningococcal disease are similar to influenza (flu) and may include:
  - Sudden onset of a high fever
  - Headache
  - Stiff neck
  - Increase sensitivity to light
  - Rash
  - Confusion
  - Nausea
  - Vomiting
  - Severe aches and pain in the muscles, joints, chest or belly

How does meningococcal disease spread?
- Meningococcal disease is spread person to person by sharing respiratory secretions, through kissing or coughing, close or lengthy contact, and among people who share a room or live in the same household.
- Anyone can get meningococcal disease, but teens and college freshman who live in residence halls are at increased risk.
- Some people can “carry” meningococcal bacteria in their nose and throat without getting meningococcal disease, but can still infect other people.
- Most cases of meningococcal disease are spread by people who “carry” the bacteria with no symptoms, appear to be random, and not linked to other cases.
- Meningococcal outbreaks can occur in communities, schools, colleges, prisons, and in other high risk populations.

Who should get the meningococcal vaccine?
- Meningococcal vaccine(s) is recommended for all preteens and teens.
- All 11 and 12 year olds should be vaccinated with serogroups A, C, W, and Y meningococcal conjugate vaccine (MCV4). A booster dose is recommended at age 16.
- Teens and young adults, 16 through 23 years old, may also be vaccinated with a serogroup B meningococcal vaccine (SBMV), preferably at 16 through 18 years old.
- Both MCV4 and SBMV can be given at the same time; talk to your provider.
- Teens with HIV should get three doses of MCV4.
- People 55 years of age or older should get Meningococcal polysaccharide vaccine (MPSV4).
Who should be vaccinated because they are at increased risk?
- College freshmen living in dormitories.
- Laboratory personnel exposed to meningococcal bacteria.
- U.S. military recruits.
- Anyone traveling or living where meningococcal disease is common, like Africa.
- Anyone with a damaged spleen or who had the spleen removed.
- Anyone exposed during a meningococcal meningitis outbreak

What are the vaccine side effects and risk?
- MCV4 and SBMV are safe, but side effects can occur.
- Most side effects are mild or moderate and do not affect daily activities.
- The most common side effects in preteens and teens occur where the injection is given and may include pain, tenderness, swelling and hardening of the skin.

CREDIT RECOVERY/GRADE RECOVERY/NEW CREDIT PLAN
In accordance with the guidelines of the Alabama Department of Education, the Thomasville City Schools System will offer students who have received failing grades in courses that are required for graduation an opportunity to recover the lost credit through a standards-based approach that will target specific knowledge and skill deficits instead of requiring the student to repeat the entire course. Along with Credit Recovery, the Thomasville City Schools system will offer students an opportunity to recover current grades and missing credits through two methods called Grade Recovery and New Credit. Such students must meet eligibility requirements to apply, and the Credit Recovery/Grade Recovery/New Credit Program must be operated under the guidelines established by this document.

Credit Recovery is a course-specific, skill-based learning opportunity for students who have previously been unsuccessful in mastering content/skills required to receive course credit or earn promotion.
Grade Recovery is a course-specific, skill-based learning opportunity for students who are currently at risk of failing a course or part of a course, have previously failed a semester or part of a semester, or are struggling to meet the more rigorous academic demands of Common Core State Standards.
New Credit is a course-specific, skill-based learning opportunity for students who are short credits for graduation, are falling behind on credits, or have missed course requirements due to illness or schedule conflicts.

Student Eligibility, Admission, and Removal

Students are eligible to apply for Credit Recovery if the final grade earned in a course required for graduation was between 40% and 59%. Identification, selection, and notification of eligible students will be conducted by the school guidance counselors. Alternatively, such a student can choose to repeat a course in its entirety during the next regular school term.

Students must complete a High School Credit Recovery application to request placement in a Credit Recovery Program. The student and parent/guardian must sign the application to consent to placement in the program and to acknowledge agreement with the terms of admission and program requirements.
Students may be removed from a Credit Recovery Program at the discretion of the administrator supervising the program for circumstances involving serious or repeated misbehavior, failure to adhere to program attendance requirements, or failure to make adequate progress towards meeting remediation requirements.
Students who are working toward receiving an Advance Academic Endorsement are not eligible for Credit Recovery.

Gifted students may be found within any race, ethnicity, gender, economic class, or nationality. “In addition, some students with disabilities may be gifted.

Teachers, counselors, administrators, parents or guardians, peers, self, or any other individuals with knowledge of the student’s abilities may refer a student. Additionally, all second grade students will be observed as potential gifted referrals using a gifted behavior checklist.

For each student referred, information is gathered in the area of Aptitude, Characteristics, and Performance. The information is entered on a matrix where points are assigned according to established criteria. The total number of points earned determines if the student qualifies for gifted services. Drug Free Atmosphere for Student Athletes, Student Drivers and Students Participating in Extra Curricular Activities Procedures

I. Policy Objectives
   a. To create and maintain a safe, drug-free environment for all students.
   b. To encourage any student with a dependence on, or addiction to, alcohol or other drugs to seek help in overcoming this problem.
   c. To reduce the likelihood of incidents of accidental personal injury and/or damage to students or property.
   d. To minimize the likelihood that school property will be used for illicit drug activities.
   e. To protect the reputation of the school system and its students.

   Student drug abuse can be a serious threat to the school system, its students, visitors, and employees. Practical experience and research indicates that appropriate precautions are necessary. It is the belief of the Board that the benefits derived from the policy objectives outweigh the potential inconveniences to students. The Board earnestly solicits the understanding and cooperation of all students and parents in implementing this policy. The Board requires that all students report to school, practices, and competitive events without any alcohol or illegal substances in their systems. Further, outside conduct of a substance abuse related nature that affects a student’s sports or academic performance, or reflects badly on the school, is prohibited.

II. Enforcement

In order to enforce the provisions of this policy, the Board reserves the right to require all students to submit, at any time prior to, during or following a sport, practice, or competitive event, or while under the supervision or care of this school system, to drug tests in order to determine the presence of prohibited substances.

Pursuant to Board policy and regulations, students applying to participate in athletics, extracurricular student clubs/organizations and/or driving a motor vehicle may be tested prior to beginning a seasonal activity, or during the season of the activity, or any time during the school year, on a random basis without advance notice and will be assessed an annual fee. When Board officials, who have been trained in observation skills, have reasonable suspicion to
believe a student has violated its Alcohol and Drug Policy, they may require the student to undergo testing.

No student testing positive, refusing to test, refusing to cooperate with testing or being in violation of this policy will be penalized academically. Information, including testing positive, will not be released to criminal or juvenile authorities absent compulsion by valid state or federal laws. This policy is developed to be of non-punitive nature and the Board will work with the student and his/her parents/guardians when there is a violation of this policy and procedure.

III. General Policy
Practical experience and research have proven that even small quantities of narcotics, abused prescription drugs, or alcohol can impair judgement and reflexes that can create unsafe conditions for students, especially those involved in sports. For this reason, Thomasville City Schools has adopted a policy that all students must report to any and all activities completely free from the effects of alcohol and/or the presence of drugs, unless used as prescribed by a physician.

IV. Drug Use/Distribution/Impairment/Possession
All students are prohibited from using, possessing, distributing, manufacturing, or having controlled substances, abused prescription drugs or any other mind altering or intoxicating substances present in their system while at any and all activities under the care of Thomasville City Schools System.

V. Prescription Drugs
The proper use of medication prescribed by a physician is not prohibited; however, TCS prohibits the misuse of prescribed (or over the counter) medications and requires all students using drugs at the direction of a physician to notify their coach, director, or sponsor where these drugs may affect their performance, cause drowsiness, etc.

VI. Testing Procedure
a. Random Testing – The Board will conduct random, unannounced screening of students. The drug-testing agency will provide computerized random sample lists to the Drug Program Coordinator. The list of students in the random pool will be updated periodically. Students will be required to report to the Board designated collection site for testing as soon as possible, but in no case later than 4 hours following notification. All random testing procedures shall be conducted in accordance with a drug program management plan.

b. Return to Program Testing – All students suspended for abuse of substance covered under this policy will be subject to unannounced testing following return to student activities for no less than 12 months and no more than 60 months.

c. All students will be tested regularly on a random basis for amphetamines, cannabinoids, cocaine, and opiates plus others. Students may be tested for any other substance, such as, but not limited to, steroids, barbiturates, and benzodiazepines without advance notice as part of tests performed by the Board for safety purposes.

d. Testing procedures – Urinalysis will be used in random testing.

e. Collection sites – Collections will be conducted on site at the appropriate designated school.
f. Evaluations and return of results – The medical review agency will report positive results to the Drug testing coordinator. The coordinator will then schedule a conference with the parents/guardians. The head coach, sponsor, or director will be the only other person notified.

g. Request for Retest – A retest of a positive result may be granted upon written request. The student will be required to pay for the retest but would be reimbursed if the retest is negative.

h. Reasonable suspicion testing – A student may be required to submit to screening if identified by trained personnel to be a reasonable suspicion. The recommending school official should fill out a written, signed request explaining circumstances and evidence.

VII. Violations

a. First Violation – Suspended from activity, sport, or privileges for 14 school calendar days beginning no earlier than opening game or day of that activity, sport, or privilege. If not participating, or not applicable to the students’ activity, sport, or privilege, suspension begins on opening game or activity of the next season they participate in. In either case, student is also required to attend one counseling session with high school counselor.

b. Second Violation – Suspended from activity, sport, or privileges for 8 school weeks and shall carry over to next school year if necessary.

- Plagiarism will not be allowed in any form. This will include copying or using the ideas or words of others and presenting them as one’s own.
- Students will not allow others to copy their work.
- Content from the Internet will not be misused or misrepresented.

All ACCESS Distance Learning teachers utilize a variety of technologies to check student work for authenticity. If an instructor confirms that a student has plagiarized work in any manner, the student will be subject to consequences determined by ACCESS Distance Learning administrative staff, the distance learning teacher, and the local school system, and will be subject to removal from the course with a failing grade.

Thomasville City Virtual School students must take all mid-term and final exams in the presence of a facilitator unless otherwise noted. Students are responsible for the following:

- Completing unit tests and course examinations without the use of study aids or computer help unless so allowed by the online teacher.
- Provided reliable transportation to and from the testing site(s) designated by the Thomasville City Virtual School staff.
- Verify the proctor records the student’s test title, assigning teacher, test date, start time, and end time.

Scores earned on tests or exams not taken at an approved testing site with a proctor are subjects to invalidation and review by the Thomasville High School Principal or designee. Additional, in accordance with ACCESS Distance Learning policy, the student may be removed from the course with a failing grade and may be subject to dismissal from the Thomasville City Virtual School.

CREDIT RECOVERY/GRADE RECOVERY/NEW CREDIT PLAN

Credit Recovery is a course-specific, skill-based learning opportunity for students who
have previously been unsuccessful in mastering content/skills required to receive course credit or earn promotion.

**Grade Recovery** is a course-specific, skill-based learning opportunity for students who are currently at risk of failing a course or part of a course, have previously failed a semester or part of a semester, or are struggling to meet the more rigorous academic demands of Common Core State Standards.

**New Credit** is a course-specific, skill-based learning opportunity for students who are short credits for graduation, are failing behind on credits, or have missed course requirements due to illness or schedule conflicts.

These three options can help to reduce dropout rates by enabling students to recover/earn the credits they need to graduate. A full standards-aligned curriculum allows students to recover/earn entire levels in one or more subject areas and allow them to graduate with their cohort.

**Student Failure Reports for Credit Recovery/Grade Recovery**

Teachers who assign failing grades to students in courses that are necessary for graduation will be required to submit a student-specific report which identifies course standards that were met, not met, or not covered in the applicable grading term. These reports may be used in combination with course and skill-specific diagnostic tools provided through software vendors and/or school or school-system assessments, all of which must be aligned with the Alabama Course of Study content standards for the course being pursued through the Comeback Academy.

**Student Eligibility, Admission, and Removal**

For **Credit Recovery**, the final grade earned in a course required for graduation must fall between **50%** and **59%**. Alternatively, such a student can choose to repeat a course in its entirety during the next regular school term.

Students are eligible for **Grade Recovery** if the current grade in a course required for graduation or promotion is below 70%. Students are also eligible for Grade Recovery if the grade for a previous grading period during the course is below 60%.

Students are eligible for **New Credit** if they are short credits for graduation, failing behind on credits, have missed course requirements due to illness or schedule conflicts, or are participating in early completion.

Students must complete an application to request placement in a Credit Recovery/Grade Recovery/New Credit Program. The student and parent/guardian must sign the application to consent to the placement in the program and to acknowledge agreement with the terms of admission and program requirements.

Students may be removed from the Comeback Academy at the discretion of the administrator supervising the program for circumstances involving serious or repeated misbehavior, failure to adhere to program attendance requirements, or failure to make adequate progress towards meeting remediation requirements.

**Comeback Academy Process**

1) Comeback Academy Request/Referral Form
2) Parent/Student Contractual Agreement for Participation Form
Once the forms are received by the school counselor, and proper signatures are obtained, the counselor will then complete the Comeback Academy Request/Referral Form.

This application packet, along with the Student Course Failure Report (completed by the teacher who assigned the failing grade), will be submitted to school Administration.

3) Verification by School Administration
   - Verify signatures
   - Verify student eligibility
   - Sign the Program Referral Form

4) Send package to Credit Recovery facilitator for enrollment

The Comeback Academy Program Authorization and Operation

The Comeback Academy program may operate during the school day. The Comeback Academy program may operate during the summer term or outside the normal school hours and must be supervised by an administrator.

Teachers working with students in the Comeback Academy program must be certified in the content area they are teaching or in one content area if they are facilitating a software-based program. In situations where online courses are being utilized, a facilitator may be used, who is an approved adult employee of the school system.

The Comeback Academy’s offerings may be limited by the availability of space, teachers, or appropriate computer-based content for specific courses.

The first ceremony will be held at the January board meeting. The second ceremony will be the usual graduation ceremony held in May. Students who graduate before January 1 must graduate at the January ceremony. All other completers will participate in the May ceremony.

Any student who graduates early cannot participate in May graduation unless extraordinary circumstances are approved by the THS principal or his/her designee.
